A legacy of beauty
From the mountains to the coasts...
Wherever you call home, a DaVinci roof lives up to your vision of beauty and stands up to the challenges of your weather.

DaVinci has been the leader in composite roofing for nearly two decades. Our commitment to creating durable, beautiful roofing tiles is unparalleled. You won’t find a more realistic or better-performing roofing product anywhere.

With DaVinci, you can retain all the character your home was intended to have without worrying about time-consuming and costly maintenance. Whether you’re replacing an existing roof or looking for the crowning touch on a new construction project… just leave it to DaVinci.
DaVinci tiles are made of pure virgin resins fortified with state-of-the-art UV stabilizers. The color you pick is the color you keep.

DaVinci products are modeled from actual slate and hand-split shake for natural, non-repeating beauty.

Realistic chisel marks add a hand-crafted finishing touch.

Every region of North America presents challenges to the exterior of your home. Mother Nature’s fury is universal.

With the damaging effects of sun, hail, gale-force winds and freeze and thaw cycles, roofing materials are at odds with the weather year-round. DaVinci’s unique composite construction outperforms both natural slate and cedar shake with a Class A Fire Rating, Class 4 Impact Rating and a 110 mph Wind Rating. But the real genius of a DaVinci roof lies in its ability to provide lasting beauty and a constant source of pride.

DaVinci roof tiles are constructed of a composite material made of pure virgin resins, UV and thermal stabilizers as well as a highly-specialized fire retardant. The result is a state-of-the-art tile that gives us the greatest degree of color control and consistency in the manufacturing process and an end product that endures beautifully in any climate.

VS. NATURAL SHAKE

Unfortunately, the long-hailed performance attributes of cedar shake have disappeared along with old-growth trees. Rotting, cracking and curling is inevitable. In most climates, cedar shake has a lifespan comparable to (or even less than) asphalt. DaVinci composite tiles give you the look you love with superior durability for a lifetime.

VS. NATURAL SLATE

Like a rock? Slate tiles are not immune to the ravages of time...or hail. Its tiny fissures make natural slate susceptible to damage caused by freeze and thaw cycles. DaVinci slate products defy the elements for decades of enduring and worry-free beauty.
Our commitment to color

Nobody offers you more color options than DaVinci—your only limitation is your imagination.

Our industry-leading standard color palette is just the beginning. As our name implies, our ability to blend colors and create drama is unparalleled. So whether you’re selecting a single color or opting for one of our expertly-crafted VariBlends™, we’ve got you covered.

When it comes to bringing out the best in your home…leave it to DaVinci.

Introducing the DaVinci Nature Crafted Collection

The DaVinci Nature Crafted Collection is our most ambitious foray into color development to date. Our advanced technology has simulated the warmth and softness of a patina previously only created by time and exposure to the elements. Our Nature Crafted Collection captures the look of a moment and retains it for decades.

Just like nature

DaVinci's proprietary VariBlend™ manufacturing process creates subtle color variations from one tile to the next. The nuanced shifts result in the most natural-looking composite roof you can buy.

Our color blend options consist of as few as one to as many as eight individual colors to create a dynamic range of results.

Look for the Nature Crafted Collection symbol and experience the industry’s most advanced color technology yet.

Cool roofs

DaVinci Cool Roof tiles reflect sunlight and heat away from the home. Higher emissivity and reflectivity rates lead to greater reductions in the cooling load and in return increase energy efficiency. Their ability to reduce the consumption of energy has earned them the designation of an ENERGY STAR® qualified product. Additionally, all Cool Roof designated colors meet Title 24 requirements for California.

Introducing Hand-Split Siding & Select Shake Roofing

The anticipation is over—DaVinci now offers Hand-Split Siding, which gives you the look you love with superior durability for a lifetime. The tile molds are created from authentic cedar shake, giving any home the beauty of real cedar without ongoing maintenance. The attributes of real wood disappear over time, whereas our siding tiles are resistant to mold, algae, fire, pests, impact, and salt air.

By bringing 20 years of proven performance to a new exterior application, we’ve engineered siding that stands up to whatever your home may endure. Unlike real cedar, Hand-Split Shake Siding does not curl, cup, or split; it is easy to install and never requires painting. The color you pick is the color you keep because the tiles are made of virgin resins fortified with state-of-the-art UV stabilizers. When you demand the beauty of authentic wood but require effortless upkeep, DaVinci is on your side.

Inquire with your sales representative to learn more.

Along with the DaVinci reputation of durability and effortless upkeep, our Select Shake tiles imitate authentic cedar shake better than any other product on the market. The molds are created from real wood, giving your home the beauty of authentic cedar shake without the ongoing maintenance and upkeep. If your vision involves the look of traditional shake, these tiles are perfect for your project.

Our design doesn’t stop at beauty—our Select Shake allows for faster installation and will withstand whatever Mother Nature brings to the exterior of your home. When you’re looking for the beauty of real cedar with the lasting artistry of DaVinci, our Select Shake has your home covered.

THIS IS FOR KEEPS
It’s easy to fall in love with the look of natural slate or cedar shake. Their beauty is at the heart of many architectural styles, old and new. DaVinci gives you the look you want and so much more: resistance to impact, splitting and cracking as well as a Class A fire rating and the peace of mind that comes with a Lifetime Warranty.

DaVinci was made for your home.

Historically, attaining the luxurious look of natural slate hasn’t been easy. The cost, the weight and the required army of skilled tradesmen made the installation process complicated and costly. Thanks to the genius of DaVinci, the look of slate is more viable than ever.

**MULTI-WIDTH**
Multi-width tiles provide the greatest degree of authenticity and flexibility.

**SINGLE-WIDTH**
Single-width tiles reduce material and speed up installation time without compromising style.

**BELLAFORETÉ**
The look of slate at a fraction of the cost and weight.

**Picture This:** Charleston is no stranger to hurricanes and heat. In addition to some nasty storms and high winds, its hot muggy summers can produce thick rafts of moss.
A perfect match.

The picture of elegance. DaVinci’s Multi-Width Slate delivers the highest levels of beauty without the typical challenges of a natural slate roof. Our tiles are engineered to be lighter, to resist impact and to maintain their color longer. It’s hard to beat Mother Nature, but DaVinci has done it.
It feels right.

Some homes were created with the promise of a slate roof in mind. DaVinci's Single-Width Slate delivers on that promise with its astonishing versatility. Our single-width tile construction streamlines installation but still enables the flexibility of straight or staggered appearances.
The look will amaze you. The price might surprise you.

Designed to reduce material costs, Bellaforté puts the look of slate within reach, and with it the premium aesthetics and performance that asphalt shingles can only dream about.

With DaVinci Bellaforté, the look of slate may be more attainable than you think.

CHRISTOPHER, RESIDENTIAL ARCHITECT

After terrible hail storms devastated hundreds of homes in our area, we began seeing many impact-resistant DaVinci composite roofs installed. We wanted a worry-free, beautiful, best-in-class roof that could withstand future storms, and we got it with our new DaVinci roof.

JULIE, HOMEOWNER
DaVinci SHAKE

If you love the look of cedar shake, there’s no reason to shy away from it. Whether you’re building a new home or replacing an existing shake roof, DaVinci eliminates the pesky concerns of ongoing maintenance and lets your heart get exactly what it wants.

MULTI-WIDTH
Achieve the authentic look of rough-hewn, hand-splinted cedar shake with subtle color shifts and randomly staggered overlaps.

SINGLE-WIDTH
The tidy and uniform appearance is a popular choice for a wide range of architectural styles.

SELECT SHAKE
Our versatile design replicates the look of authentic cedar on 8” and 10” tiles for a best-in-class roof.

BELLAORTÉ
Our intelligent tile design simulates a multi-width look on standardized 12” tiles, reducing material costs and simplifying installation.

It’s the little things that make Bellaforté Shake such a remarkable product; the staggered edges, the color variation and the dramatic shadows all contribute to a truly realistic look. No less remarkable is Bellaforté’s Lifetime Warranty, streamlined installation and its ability to lift the appearance of your house. It might be the easiest decision you’ll face as a homeowner.

“

ANYBODY CONSIDERING A PREMIUM ASPHALT ROOF SHOULD CONSIDER BELLAFORTÉ.

NICK, ROOFING CONTRACTOR

The relatively warm, moist climate of the Pacific Northwest is an ideal environment for the growth of mold, mildew and moss, all of which love to feast on wood rooftops.
The roof is like a canvas. The design, colors, products and accessories we use help us create a customized piece of art for every homeowner.

JEFF, ROOFING CONTRACTOR

“MY DA VINCI ROOF WAS DEFINITELY THE SMART CHOICE.”

DAVID, HOMEOWNER
When it comes to roofing materials, you’ve got plenty of options...and none better than a DaVinci composite roof. DaVinci composite roofing tiles blend state-of-the-art materials with an artist’s touch. You won’t find a better looking or better performing roof at any price.

For a finished look and a lifetime of enhanced performance, DaVinci makes a full offering of specialized accessory pieces in every standard color we offer.

**CREATING EXPOSURE**

Straight or staggered tile coursing is a personal choice. Although budget and architectural style will enter into the equation, personal preference is typically the final determining factor. With DaVinci Multi-Width and Single-Width tiles, you have the greatest ability to vary tile placement. Both Bellaforté Slate and Shake tiles must be installed at a 12" exposure.
WE KEPT EVERYTHING YOU LOVE…
and made it better.

It’s no wonder people are drawn to the timeless good looks of slate tile and cedar shake. The allure is unmistakable. A DaVinci composite roof lives up to the look of nature, but does so without the ongoing maintenance, repairs and replacement.

At DaVinci, we made a good thing better:

- Resistant to fading, rotting, cracking and pests
- Stands up to wind, hail and fire as well as or better than natural materials
- Enjoy the peace of mind that comes with a Lifetime Limited Material Warranty
- Every tile reflects the artistry and the genius of DaVinci himself
