BUILD THE WAY YOU WANT...
Leave the rest to DaVinci.
BUILD THE WAY YOU WANT... WE FIT YOUR STYLE

From the mountains to the coasts... Wherever you build, whatever you build, a DaVinci roof lives up to your vision of beauty and stands up to the challenges of your weather.

DaVinci has been the leader in composite slate and shake roofing for nearly two decades. Our commitment to creating durable, beautiful roofing tiles is unparalleled. You won’t find a more realistic or better-performing roofing product anywhere.

DaVinci’s distinctive good looks and long-lasting performance characteristics make it the perfect choice for any steep slope roof project, including categories like clubhouses, retail, hospitality, healthcare, government, historical, education, religious and more.

With DaVinci, you can retain all the character your project was intended to have without worrying about design restraints or color compromises. Whether you’re replacing an existing roof or looking for the crowning touch on a new construction project... just leave it to DaVinci.

Gaillardia Country Club is an elegant 55,000 sq ft. French Normandy style design located in the heart of ‘twister country’. The new owners decided on single-width slate tiles in Slate Black to complement the structure’s style while withstanding severe weather.

GAILLARDIA COUNTRY CLUB
OKLAHOMA CITY, OKLAHOMA

A PERFECT FIT for every segment you serve
Mother Nature’s fury is universal, making DaVinci slate tiles and cedar shake a solid choice year-round for any region of the country. Our unique composite construction outperforms both natural slate and cedar shake with a Class A Fire Rating, Class 4 Impact Rating and a 110 mph Wind Rating.

But the real genius of a DaVinci roof is in its ability to provide lasting beauty and a constant source of pride. Our color control and consistency during the manufacturing process ensures that our tiles are state-of-the-art. With enhanced performance, the end product endures beautifully in any climate.

Every region of North America presents challenges to the exterior of your project, and while some buildings may look better with slate or cedar… others demand it. In whatever location, weather conditions or style requirements, a DaVinci roof is the smart solution that comes without compromise or comparison.

**What’s Behind The Beauty Is Genius**

Due to DaVinci’s performance features, many insurance companies now offer reduced rates when switching to Class A Fire and/or Class 4 Impact rated products, especially in high wind-, fire- or hail-prone areas.

**Vs. Natural Shake**

Unfortunately, the long-hailed performance attributes of cedar shake have disappeared along with old-growth trees. Rotting, cracking and curling are inevitable. DaVinci composite tiles give you the look you love with superior durability for decades.

**Made in the USA**

DaVinci roofing tiles are proudly manufactured in Lenexa, Kansas.

**Real Cedar Roofs Could Not Withstand The Hail Damage Caused On 19 Buildings Of The Denver West Office Park In Colorado. Seeking A More Durable Roof, Owners Turned To DaVinci. More Than 550,000 Sq Ft. Of Impact-Resistant Bellaforté Shake Composite Tiles Were Used In The Massive Re-Roofing Project.**

**Denver West Office Park Denver, Colorado**

Real cedar roofs could not withstand the hail damage caused on 19 buildings of the Denver West Office Park in Colorado. Seeking a more durable roof, owners turned to DaVinci. More than 550,000 sq ft. of impact-resistant Bellaforté Shake composite tiles were used in the massive re-roofing project.
The leadership team at Saint John’s Cathedral in Denver knew that the hail-damaged slate roof on their historic structure had to be replaced. They wanted the same look and feel as natural slate, but with fewer maintenance worries. Approved by the Denver Landmark Preservation Commission, their solution was to install impact-resistant DaVinci Single-Width Slate on the church’s cathedral and two separate halls.

In many areas of Colorado, real wood roof shingles are no longer allowed due to fire risk and difficulty securing insurance. When the Dakota at Arrowhead community faced this challenge, they switched to fire-resistant Bellaforté Shake tiles. Now homeowners for the 30 townhomes rest easier knowing their roofs are fire-resistant.

When Category 4 Hurricane Harvey barreled into Texas on August 25, 2017, landfall was just six miles from the Mustang Island Conference Center. Nearby buildings were mostly destroyed, but with DaVinci Single-Width Slate tiles in mansard-style and rooftop applications, they were able to withstand the 120 to 140 mph winds without a scratch.

When it comes to roofing materials, you’ve got plenty of options… and none better than a DaVinci composite roof. DaVinci composite roofing tiles blend state-of-the-art materials with an artist’s touch. You won’t find a better looking or better performing roof at any price.

### TESTING SUMMARY

- **Fire Test**: ASTM E 108, Class A
- **Impact Test**: UL 2218, Class 4
- **Wind Test**: ASTM D 3161, Certified to 110 mph
- **High Velocity Hurricane Zone**: TAS 125, Up to 180 mph
Introducing HAND-SPLIT SIDING & SELECT SHAKE ROOFING

DAVINCI HAND-SPLIT SHAKE SIDING

Expanding the legacy of beauty...

The anticipation is over—DaVinci now offers Hand-Split Siding, which gives you the look you love with superior durability for a lifetime. The tile molds are created from authentic cedar shake, giving any home the beauty of real cedar without ongoing maintenance. The attributes of real wood disappear over time, whereas our siding tiles are resistant to mold, algae, fire, pests, impact, and salt air.

By bringing 20 years of proven performance to a new exterior application, we’ve engineered siding that stands up to whatever your home may endure. Unlike real cedar, Hand-Split Shake Siding does not curl, cup, or split; it is easy to install and never requires painting. The color you pick is the color you keep because the tiles are made of virgin resins fortified with state-of-the-art UV stabilizers. When you demand the beauty of authentic wood but require effortless upkeep, DaVinci is on your side.

Inquire with your sales representative to learn more.

SELECT SHAKE ROOFING

Making a great thing greater

Along with the DaVinci reputation of durability and effortless upkeep, our Select Shake tiles imitate authentic cedar shake better than any other product on the market. The molds are created from real wood, giving your home the beauty of authentic cedar shake without the ongoing maintenance and upkeep. If your vision involves the look of traditional shake, these tiles are perfect for your project.

Our design doesn’t stop at beauty—our Select Shake allows for faster installation and will withstand whatever Mother Nature brings to the exterior of your home. When you’re looking for the beauty of real cedar with the lasting artistry of DaVinci, our Select Shake has your home covered.

Learn more about Select Shake on page 27.
Using DaVinci roof tiles ensures enduring beauty and low life-cycle costs… and that’s just part of the story.

The choice to use our tiles over natural cedar shake results in a roof that saves trees and resists fire, hail and wind damage. The quarrying process of natural slate tiles consumes large amounts of fuel and is especially destructive to local ecosystems. Our tiles reduce waste with less breakage, keeping products out of landfills.

A DaVinci roof represents sustainability for the building as well as for the environment.

Perhaps the most sustainable aspect of DaVinci tiles is their enduring beauty and low life-cycle costs. Roofs that need frequent maintenance and replacement after as little as 15 years consume energy every step of the way, whereas DaVinci tiles have a 50-year warranty. Our roofing systems assure that our products will stand the test of time… providing beauty and durability for decades.

Our commitment to color

Nobody offers you more color options than DaVinci—your only limitation is your imagination. Our industry-leading standard color palette is just the beginning; our 49 distinct colors translate into 21 gorgeous blends. Whether you’re selecting a single color or creating a custom blend or color, we’ve got you covered.

When it comes to realizing your vision… leave it to DaVinci.

DaVinci offers the beauty of natural slate and cedar shake in three different tile options, giving you the ability to meet your aesthetic vision as well as respect your budget.

**MULTI-WIDTH**

Our most authentically looking and versatile option, DaVinci's Multi-Width tiles set the high mark for luxury. Laying tiles of multiple widths in a straight or staggered pattern creates the most natural, non-repeating appearance possible.

- MULTI-WIDTH SLATE .................................. Page 14
- MULTI-WIDTH SHAKE ............................... Page 24

**SELECT SHAKE**

Created from real cedar profiles, Select Shake gives your home the beauty of authentic wood while remaining maintenance-free. The versatile design provides a worry-free, best-in-class roof that speeds up installation with the look of multi-width shake.

- SELECT SHAKE ........................................ Page 26

**SINGLE-WIDTH**

Single-width tiles add a budget-friendly touch of tradition to your home in either a straight or staggered pattern. The uniform tile size and impact-resistant composite construction work to reduce waste and speed up installation.

- SINGLE-WIDTH SLATE ......................... Page 16
- SINGLE-WIDTH SHAKE ........................ Page 28

**BELLAFORTÉ**

The inspired engineering of Bellaforté makes uncommon beauty considerably more attainable. Its innovative design requires less overlap (reducing waste and cost), making it a stylish upgrade that won't bust the budget.

- BELLAFORTÉ SLATE ............................. Page 18
- BELLAFORTÉ SHAKE ......................... Page 30

**CREATING EXPOSURE**

Installing the tiles straight or staggered is a personal choice. Although budget and architectural style will enter into the equation, personal preference is typically the final determining factor. With DaVinci Multi-Width and Single-Width tiles, you have the greatest ability to vary tile placement. Both Bellaforté Slate and Shake tiles must be installed at a 12" exposure.

**THE Complete PACKAGE**

For a finished look and a lifetime of enhanced performance, DaVinci makes a full offering of specialized accessory pieces.
Historically, attaining the luxurious look of natural slate hasn’t been easy. The cost, the weight and the required army of skilled tradesmen made the installation process complicated and costly. Thanks to the genius of DaVinci, the look of slate is more viable than ever.

**DaVinci SLATE**

MULTI-WIDTH

Multi-width tiles provide the greatest degree of authenticity and flexibility.

SINGLE-WIDTH

Single-width tiles reduce material and speed up installation time without compromising style.

BELLAORTÉ

The look of slate at a fraction of the cost and weight.
**A perfect match.**

The picture of elegance. DaVinci’s Multi-Width Slate delivers the highest levels of beauty without the typical challenges of a natural slate roof. Our tiles are engineered to be lighter, to resist impact and to maintain their color longer. It’s hard to beat Mother Nature, but DaVinci has done it.
Some projects demand the stately grace of a slate roof. DaVinci’s Single-Width Slate delivers on that promise with its astonishing versatility. Our single-width tile construction streamlines installation but still enables the flexibility of straight or staggered appearances.
The look will amaze you. The price might surprise you.

Designed to reduce material costs, Bellaforté puts the look of slate within reach, and with it the premium aesthetics and performance that asphalt shingles can only dream about.

With DaVinci Bellaforté, the look of slate may be more attainable than you think.

MIDDLETON SENIOR LIVING
GRANVILLE, OHIO

Middleton Senior Living has a highly visible roof from the street; they needed it to be both sensible and beautiful. Their Bellaforté Slate roof in Slate Black is a showpiece of the structure that replicates the aesthetic of real slate.
THE NEW DAVINCI ROOF LOOKS SIMPLY AMAZING. THE ROOF APPEARS MORE AS IT ONCE DID WHEN THE HOME WAS BUILT IN 1904.

LAURIE RAPISARDI, EXECUTIVE DIRECTOR OF RUTHERFURD HALL

DAVINCI SLATE HAS THE DURABILITY WE WERE LOOKING FOR, PLUS IT COMPLEMENTS THE NATURAL STONE ON BOTH THE INSIDE AND OUTSIDE OF OUR NEW CLUBHOUSE. THIS ROOFING PRODUCT Helps COMPLETE THE LOOK OF OUR BUILDING, WE FOUND THAT DAVINCI WAS A GREAT VALUE, HAS A WONDERFUL, FINISHED STYLE AND ITS PERFORMANCE CAPABILITIES SO FAR HAVE BEEN TERRIFIC.

MICHAEL BRATCHER, C.O.O. AND GENERAL MANAGER OF COLUMBINE COUNTRY CLUB
**DaVinci SHAKE**

If you love the look of cedar shake, there’s no reason to shy away from it. Whether you’re building a new home or replacing an existing shake roof, DaVinci eliminates the pesky concerns of ongoing maintenance and meets your design needs or requirements.

**MULTI-WIDTH**
Achieve the authentic look of rough-hewn, hand-split cedar shake with subtle color shifts and randomly-staggered overlaps.

**SINGLE-WIDTH**
The tidy and uniform appearance is a popular choice for a wide range of architectural styles.

**SELECT SHAKE**
Our versatile design replicates the look of authentic cedar on 8” and 10” tiles for a best-in-class roof.

**BELLAFORTÉ**
Our intelligent tile design simulates a multi-width look on standardized 12” tiles, reducing material costs and simplifying installation.

---

Secluded and stunning, the Fleur du Lac condo community is a highly sought-after retreat. Developers selected the fire- and impact-resistant Bellaforté Shake for community buildings and individual homes for safety, durability and aesthetics.
DaVinci Multi-Width Shake recalls the craftsmanship and authenticity of natural, hand-split cedar shake with the advantages of color stability and a lifetime warranty. These deep-grained, multiple-width tiles are available in nine standard color blends.

Everything you love about shake... without the headaches or the heartaches.

The townhomes at Buckhorn-Bachelor Gulch needed roofs to complement their beautiful mountain setting. The community homeowners association found the perfect match with DaVinci Multi-Width Shake tiles in the Autumn blend.
DaVinci’s Select Shake provides the craftsmanship and authenticity of natural, hand-split cedar shake with the advantages of color stability and a lifetime warranty. Meet your vision and make your dream home a reality with our versatile design.

**New for 2019**

The beauty of natural shake… but ours is for keeps.

If you’re looking for a worry-free, beautiful, best-in-class roof that can withstand any storm, look to DaVinci.
The look of cedar shake has never been easier.

Single-Width Shake delivers the varied textures and natural visual shifts in color and shading that occur with real hand-split cedar.

**IT IS ONE OF THE MOST FLAWLESSLY REPLICATING PRODUCTS OUT THERE, AND WE’VE LOOKED AT ALL OF THEM, BELIEVE ME.**

DANIEL MARTINEZ, ARCHITECT

Sacred Heart Ukrainian Catholic Church wanted a long-lasting roof that would replicate the look of the original shake. They selected DaVinci Shake for durability and a perfect match to their original shake.
It’s the little things that make Bellaforté Shake such a remarkable product; the staggered edges, the color variations and the dramatic shadows all contribute to a truly realistic look. No less remarkable is Bellaforté’s 50-year warranty, streamlined installation and its ability to lift your project’s appearance. It might be the easiest decision you’ll face as a building professional.

**THE LOOK OF DA VINCI’S SHAKE ROOFING IS CONVINCING AS A SHAKE SHINGLE. THEIR ABILITY TO CREATE UNIQUE BLENDS SO THE HOTEL COULD HAVE SUBTLE COLOR SHIFTS ACROSS THE BUILDING ROOF WAS A KEY REASON THE DA VINCI SHAKE ROOFING WAS SPECIFIED.**

EMILY PELCAK, DIRECTOR OF PRACTICE AND INNOVATION FOR PGAV DESTINATIONS

The community leaders in Lincolnshire needed a replacement roof to complement the outside of their Village Hall structure. DaVinci Bellaforté Shake in Tahoe was chosen to balance the brick exterior.

Lasting impressions.

THE DAVINCI SHAKE SHINGLES NOT ONLY HAD THE AESTHETIC CHARACTERISTICS THE PROJECT TEAM WAS SEEKING, BUT ALSO THE MODERN BENEFITS OF A RESILIENT MATERIAL.

EMILY KOENIG, ARCHITECT, EKOE ARCHITECTURE

“THIS DAVINCI ROOF HAS REALLY MADE THE ENTIRE RETAIL CENTER STAND OUT IN THE NEIGHBORHOOD.”

JOHN E. BOYER, IV, CHAIRMAN OF THE BOARD AT KANZA BANK, KINGMAN, KANSAS
WE KEPT EVERYTHING YOU LOVE...
and made it better.

It’s no wonder people are drawn to the timeless good looks of slate tile and cedar shake. The allure is unmistakable. A DaVinci composite roof lives up to the look of nature, but does so without the ongoing maintenance, repairs and replacement.

At DaVinci, we made a good thing better:

Resistant to fading, rotting, cracking and pests

Stands up to wind, hail and fire as well as or better than natural materials

Enjoy the peace of mind that comes with a 50-year warranty

Every tile reflects the artistry and the genius of DaVinci himself
